**Light Fastness:** (IUF 402) > 7 Blue Scale

**Flammability:** CA TB 117 -2013 Section 1

**Uses:** Hospitality, Contract, Residential – high traffic use.

**Cleaning instructions:**

Mosaico is durable well protected leather with transparent and efficient topcoat. It is easy to care for and maintain.

The best care for this product is occasional dusting. For heavily soiled areas wash with a damp sponge and a small amount of neutral soap. To finish, wipe off with sponge dampened with clean water and let air dry. Never soak the leather. Never use commercial grade leather cleaners as they may contain harsh chemicals which may remove protective topcoat. Always test a new cleaner on the least visible area of the surface.
